

Sorrow ...

Adolf Hitler was a ferocious man,
And had a lot of splendid plans.
He worked so hard to win the war,
But I think he took it a little too far.
Hitler committed suicide and was gone,
While Britain won the deadly war.
He was as elegant as a deer,
But his life was filled with fatal fear.
Blood was scattered. I was scared.
My mom was gone. I was scared,
Help me now I'm on my knees.
